

Where Trust Meets
EXCELLENCE

Company
Profile

About the Company

Al-Sawar Energy RDC SARL is more than a fuel distributor — we are the energy lifeline of Central Africa.

From our strategic base in the DRC, with strong operational links to Zambia and Tanzania, we deliver high-quality Petrol (PMS) and Diesel (AGO) to the nation's most demanding industries.

With a high-capacity logistics network, state-of-the-art storage facilities, and an unshakable commitment to excellence, we power mines, factories, transport fleets, government projects, and retail networks every single day.

Over the years, we have built a reputation for unmatched reliability, full transparency, and strict compliance with both national and international petroleum handling standards. Every litre we deliver is a promise — of performance, safety, and progress.

Our Vision

To be Central Africa's most trusted, efficient, and forward-thinking fuel distribution powerhouse — delivering energy solutions that are safe, sustainable, and always on time.

Our Mission

Guarantee uninterrupted fuel supply through a distribution network that operates 24/7, 365 days a year.

Set the benchmark for safety,

environmental stewardship, and operational excellence in the region.

Forge lasting partnerships built on trust, performance, and measurable value.

Core Values

Integrity

Every deal is transparent, every delivery is honest.

Safety First

Zero-compromise approach to people and environment.

Customer Focus

Our clients' needs shape our operations.

Sustainability

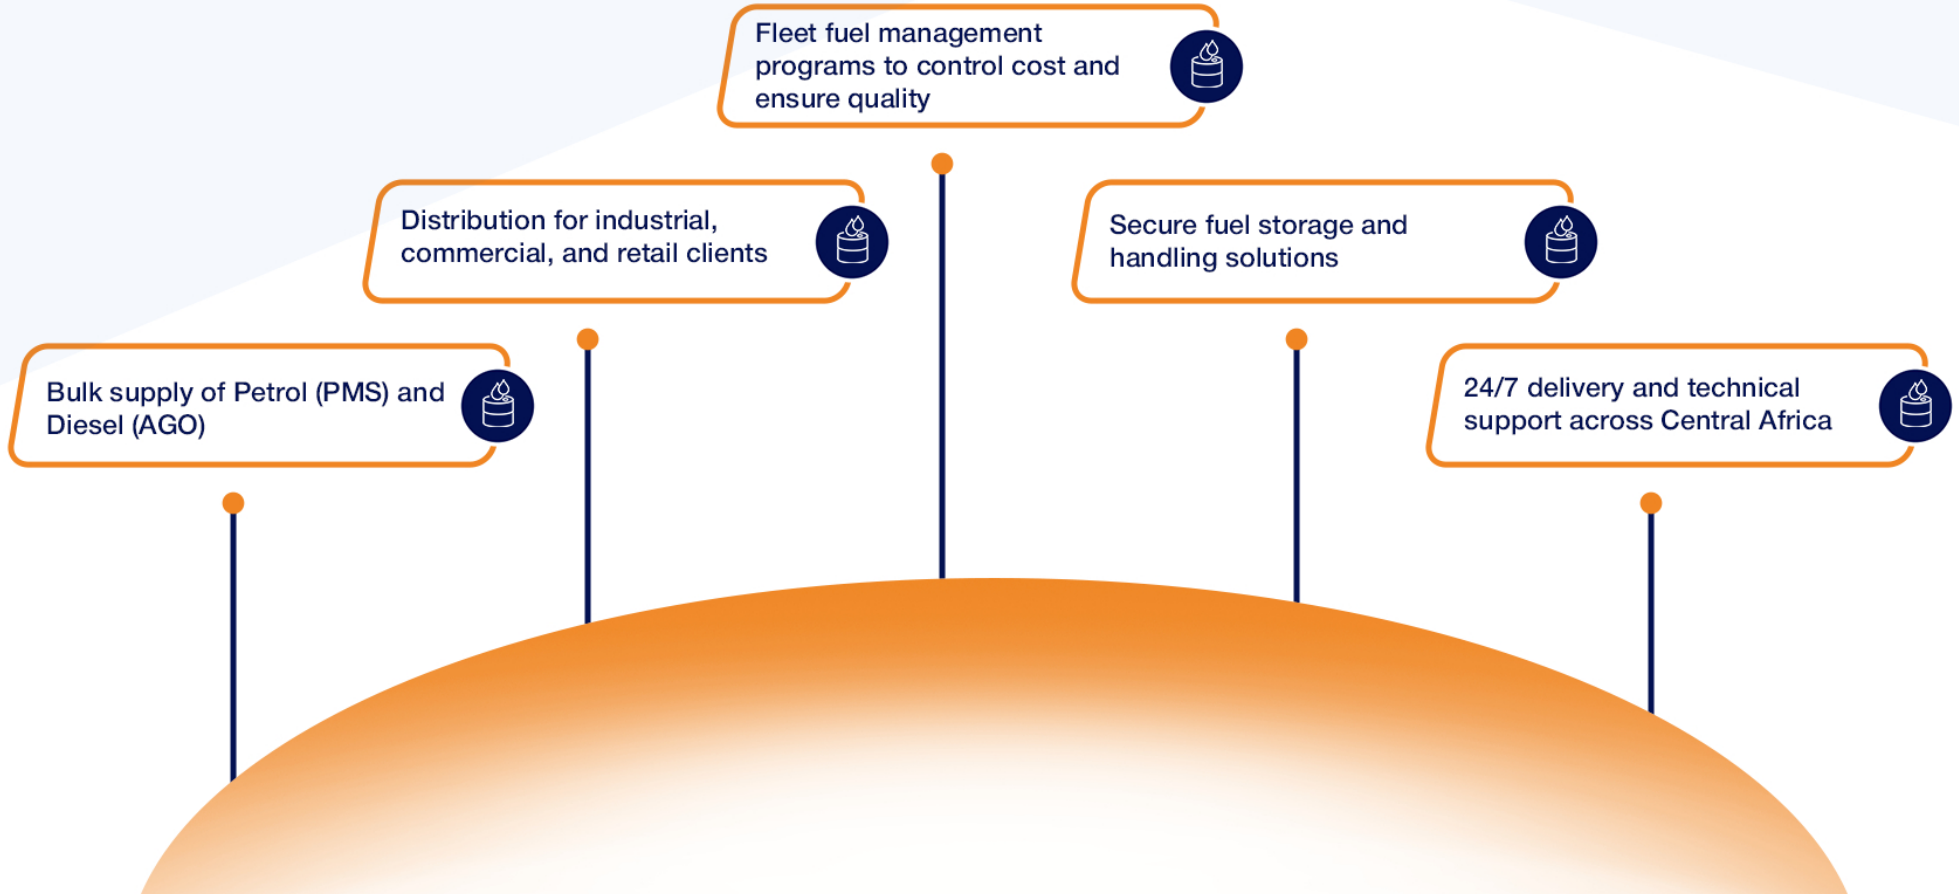

Growth that protects the future.

Innovation

Adapting and improving with every challenge.

Our Services

Logistics & Infrastructure

At ALS Energy, logistics isn't just a department
— *it's our competitive advantage.*

- **50+ precision-calibrated fuel tankers** built for long-haul endurance and heavy-duty operations.
- Exclusive **supply agreements with top refineries and depots** to eliminate downtime and shortages.
- **Live fuel tracking** from loading bay to delivery point — giving clients complete transparency, litre by litre.
- **Rapid-response delivery teams** on call 24/7, ensuring critical industries never pause for fuel.

We don't just move fuel — we move economies forward.

Major Clients Industries We Power

Our fuels keep the heart of Central Africa beating:

- **Mining giants** extracting the minerals that drive global technology.
- **Manufacturers** producing goods for domestic and export markets.
- **Infrastructure and government projects** building the region's future.
- **Transport and maritime fleets** keeping trade routes alive.
- **Transport and maritime fleets** keeping trade routes alive.

Every litre we deliver fuels livelihoods, industries, and nations.

Health, Safety & Environment (HSE)

Safety isn't a checkbox
— *it's our culture.*

Zero-incident policy maintained through continuous training and drills.

Exceeding **DGDA, Hydrocarbon, and Environmental Authority standards** — not just meeting them.

Real-time monitoring for **emissions, spillage prevention, and environmental compliance.**

Preventive maintenance schedules that keep both people and products safe.

Leadership That Drives Results

Behind every delivery is a leadership team with decades of combined experience in energy, logistics, and business growth:

Santosh Rambhau Pote
Visionary Chairman
driving growth and regional expansion.

Prince Katende
General Manager ensuring operational excellence across all divisions.

Kabongo Christian
Logistics & Operations expert optimizing supply chain efficiency.

Nekaya Nzuzi Samuel
Business Development Officer driving client relations and sector expansion.

Prajwal Pote
